

## **The Herzfeld Caribbean Basin Fund, Inc.**

### **Pays Quarterly Distribution**

MIAMI BEACH, FLA., July 15, 2024 –The Herzfeld Caribbean Basin Fund, Inc. (NASDAQ: CUBA) (the “Fund”) today announced that the Fund has made the following distribution pursuant to the Fund’s Managed Distribution Policy (the “Policy”):

Declaration Date	Ex-Date	Record Date	Payment Date	Per Share
05/23/2024	06/03/2024	06/03/2024	07/15/2024	\$0.135375

The distribution for stockholders has been paid in cash or shares of the Fund’s common stock at the election of stockholders. The total amount of cash distributed to all stockholders was limited to 20% of the total distribution to be paid, excluding any cash paid for fractional shares. The remainder of the distribution (approximately 80%) was paid in the form of shares of the Fund’s common stock. The exact distribution of cash and stock to any given stockholder was dependent upon his/her election as well as elections of other stockholders, subject to the pro-rata limitation.

The price used to calculate the number of shares to be issued in lieu of cash is \$2.3329, which was determined using the volume weighted average price per share of the Fund on June 27, 28 and July 1, 2024. The total amount of cash and shares distributed under the Policy was as follows:

Total Cash	Total Shares
\$428,251.23	734,080.00

Stockholders who elected to receive the distribution solely in shares of common stock and stockholders who did not make an election will receive approximately 0.058 shares of common stock for each share of common stock they owned on the record date of June 3, 2024. Holders of approximately 23.26% of the Company’s common stock elected to receive only stock or did not make an election.

Stockholders electing to receive the distribution in all cash will receive cash in the amount of \$0.03529 per common share, or approximately 26.07% of the \$0.135375 distribution, and \$0.100009 shares of common stock, or approximately 73.93% of the total distribution for each share of common stock they owned on the record date of June 3, 2024. Cash in lieu of fractional shares will be issued, if applicable. Total outstanding shares of the Company’s common stock following the distribution will be approximately 16,548,313.

The primary purpose of the Policy is to provide stockholders with a constant, but not guaranteed, fixed minimum rate of distribution each quarter. The Policy as originally adopted set quarterly distributions at an annual rate of 15% of the Fund’s NAV as of a date determined by the Fund’s Board of Directors (the “Board”). In May 2024, the Board amended the Policy to maintain the 15% annual rate of distribution, but at quarterly, semi-annual or annual periods of distribution to be reviewed by the Board each quarter. The purpose of the modification is to allow the Fund to maintain its 15% annual distribution of NAV, but provide flexibility in determining the timing of

those distributions in order to account for required year-end regulatory distributions of capital gains necessary to maintain the Fund’s tax-free status. The Fund has capital gains as of June 28, 2024 of approximately \$1.8 million.

The Fund cannot predict what effect, if any, the Policy will have on the market price of its shares or whether such market price will reflect a greater or lesser discount to net asset value as compared to prior to the adoption of the Policy

Under the Policy, the Fund will distribute all available investment income to its stockholders, consistent with its investment objective and as required by the Internal Revenue Code of 1986, as amended (the “Code”). **The amount distributed per share is subject to change at the discretion of the Board.** If sufficient investment income is not available on a quarterly basis, the Fund will distribute long-term capital gains and/or return capital to its stockholders in order to maintain its managed distribution level. The Fund is currently not relying on any exemptive relief from Section 19(b) of the Investment Company Act of 1940, as amended (the “1940 Act”). The Fund may make additional distributions from time to time, including additional capital gain distributions at the end of the taxable year, if required to meet requirements imposed by the Code and/or the 1940 Act. Please note that for shareholders enrolled in the Fund’s Dividend Distribution Reinvestment Plan, the distribution will be reinvested in additional shares of the Fund as described in the Policy.

The Fund expects that distributions under the Policy will exceed investment income and available capital gains and thus expects that distributions under the Policy will likely include returns of capital for the foreseeable future. A return of capital may occur, for example, when some or all of a stockholder’s investment is paid back to the stockholder. A return of capital distribution does not necessarily reflect the Fund’s investment performance and should not be confused with ‘yield’ or ‘income.’ Any such returns of capital will decrease the Fund’s total assets and, therefore, could have the effect of increasing the Fund’s expense ratio. In addition, in order to maintain the level of distributions called for under its Policy, the Fund may have to sell portfolio securities at a less than opportune time.

The following table<sup>1</sup> sets forth the estimated amounts of the current distribution and the cumulative distributions declared this fiscal year to date from the following sources: net investment income, net realized capital gains and return of capital. **The amount distributed per share is subject to change at the discretion of the Board.** The Policy is subject to ongoing review by the Board to determine whether it should be continued, modified or terminated. The Board may amend the terms of the Policy, suspend the Policy, or terminate the Policy at any time without prior notice to the Fund's stockholders if it deems such actions to be in the best interest of the Fund or its stockholders. The Fund will send stockholders a Form 1099-DIV for the respective calendar year that will tell them how to report these distributions for federal income tax purposes. **Stockholders should consult their tax advisor for proper tax treatment of the Fund's distributions.**
